1. CHARACTERS

ROLLING A CHARACTER

Roll a 3d6 for each Ability Score.

- STRENGTH** — fortitude and physical prowess.
- DEXTERITY** — sneaking, athletics, and reflexes.
- WILLPOWER** — calling on divine power, harnessing magic, and self-discipline.

In addition, roll 3d6 as your Extra Roll. You may then swap any two of your rolls. After this, the Extra Roll is your starting money in Shillings.

An Ability Score of 10 is the human average. Roll d6 for your Hit Points, a measure of how safe they are from taking life-threatening Critical Damage. More HP means the character is safer.

Finally, choose one Feature, a Background, and buy some Equipment.

FEATURES

Choose one Feature now, and each time you gain a new Experience Level.

- ✦ **ASSASSIN** ✦
Your Enhanced attacks against unaware or helpless opponents bypass HP.
- ✦ **BERSERKER** ✦
Roll twice for HP and take the better result. After taking first Damage in combat, increase your melee weapon Damage dice by one and gain Advantage on Saves against Critical Damage till the combat ends.
- ✦ **BRAWLER** ✦
Roll twice for HP and take the better result. While not wearing any armour, your Armour score is 1. Gain bonus d4 unarmed Damage die.
Advancement: The bonus die is increased by one.
- ✦ **COMMANDER** ✦
Once per combat, issue a command to one ally to Enhance their attack this round or to restore d6hp to them. The command does not count as your action.

- ✦ **HEALER** ✦
Gain 5s worth of healing supplies. While resting, spend 5s worth of healing supplies to restore d6 Ability Score Loss to an ally or yourself, or take a 4-in-6 chance to subdue some other ailment.
Healing supplies are available for purchase in most settlements and can be used by Healers only.

- ✦ **MYSTIC** ✦
Can be taken multiple times.
You can read Runic and cast Spells. Gain Mystic's Focus and Tome containing instructions for two Cantrips and six 1st Circle Spells. Choose a Signature Spell (see Chapter 4: Magic).
Advancement: add a new Cantrip and three Spells (of a Circle equal or lower to your Mystic Level) to your Tome. Choose an additional Signature Spell.

- ✦ **SKILLED** ✦
Can be taken multiple times.
Gain Advantage on Saves related to a pair of certain fields of expertise: animal handling, athletics, burgling, cheating, drinking, negotiation, quickness, stealth, etc. While you are not under pressure, you do not need to make such Save at all.

- ✦ **SWASHBUCKLER** ✦
Roll twice for HP and take the better result. While attacking, you can hit a second target, rolling your weapon Damage dice without any bonus dice.

- ✦ **TACTICIAN** ✦
Roll twice for HP and take the better result. When performing an attack, you may add a Manoeuvre to it (push, trip, disarm, grapple for their next turn, etc.) The attack is carried out as usual, and the opponent must make a Save to avoid an additional effect described by you.

- ✦ **WARRIOR** ✦
Can be taken multiple times.
Roll twice for HP and take the better result. Gain bonus d4 weapon Damage die.
Advancement: The bonus die is increased by one.

2. PLAYING THE GAME

RULES

Saves

Roll d20 equal or under the appropriate Ability Score to succeed. 1 is always a success and 20 is always a failure.

Advantage and Disadvantage

Whenever someone has increased or decreased odds of succeeding on a Save, the Referee may give them Advantage or Disadvantage. Roll twice and take the better or worse of the two rolls respectively. Advantage and Disadvantage cancel each other out.

Taking your Turn

In a combat situation, the Referee decides which side acts first. When this is unclear, player characters must pass DEX Saves to be able to act before their opponents. After such initial turn, all player characters act together as usual.

On their turn, characters can generally move (or change items they are holding instead) and carry out one action. All characters declare their intentions and after that the dice are rolled.

Attacking

Roll your weapon's Damage die, or for both weapons if wielding two, along with any bonus Damage dice you have. The highest single roll is identified, and the attack causes this much damage.

Ranged weapons cannot be used while engaged in melee combat.

Ganging Up

When multiple attackers target an individual, they roll together and keep the highest result, plus 1 point of Damage for each additional attacker, up to +5. Once the attack has been resolved, the target cannot be attacked again until their next turn.

Ganging Up: Easy Mode (optional)

For a more "cinematic" combat feel, you may forgo bonus damage from additional attackers.

Impaired and Enhanced Attacks

Attacks that are Impaired, such as firing through cover or a resistant target, roll d4 Damage regardless of weapon, no bonus Damage dice allowed.

Attacks that are Enhanced by a risky stunt or a vulnerable target gain bonus d12 Damage die.

Manoeuvres

Instead of making a normal attack, you may spend your turn trying to carry out another manoeuvre, such as knocking an opponent down, snatching an item or fleeing. In these cases, the side most at risk makes a Save to avoid consequences.

Armour

Armour subtracts its score from result of any Damage rolls against the wearer.

Total Armour score for a creature cannot exceed 3.

Mounted Combat

Mounted troops in melee gain +1 Armour and bonus weapon Damage die against unmounted opponents.

Damage

When taking damage, you lose that many Hit Points. If you have any HP left, then the attack was mostly avoided or only a minor wound was inflicted.

When you run out of HP, any remaining Damage is removed from your STR score. Now you must pass a STR Save to avoid Critical Damage.

Blast Damage

Blast attacks affect all targets in the appropriate area, rolling once for each target. If unsure how many targets are affected, roll Damage die.

Critical Damage

Characters that take Critical Damage are unable to take further action until they are tended to by an ally and have a Rest. If they are left untended to for an hour, they die.

Ability Score Loss

The character dies at STR 0. At DEX 0 or WIL 0 the character is paralysed or catatonic respectively, cannot act until Healing and must be carried to safety.

AFTER THE ADVENTURE

Generally, the goal of an Adventure is to find out about a mysterious environment, destroy a powerful threat, or seek out mysterious treasures.

EXPERIENCE LEVELS

After completing the requirements for the next Experience Level, you may take a break from adventuring to reflect upon your experience. Describe what the character has been doing during this time, whether humble or grand. After that, you move to the next Experience Level. You cannot advance more than one Experience Level in a single session of play.

When advancing to a new Experience Level, you choose a new Feature, gain d6hp and roll d20 for each Ability Score. If the roll is higher than the Ability Score, it increases by one to a maximum of 20.

1. Novice

You are ready for your first Adventure.

2. Proven

You have survived at least one Adventure to a dangerous place, returning to civilisation.

3. Expert

You have survived at least three Adventures since reaching Proven Level.

You can now take on an Apprentice created as a new character.

4. Veteran

You have survived at least five Adventures since reaching Expert Level. You have an Apprentice that has reached Expert Level.

5. Master

You have established or seized control of a Domain of at least one hundred people. You are granted a noble title or create your own.

Slower Experience Progression (optional)

If the adventure progression of 1–3–5 feels too quick for your group, use the progression of 3–5–7 instead.

Death

When a character dies, the player creates a new character and the Referee finds a way to have them join the group as soon as possible. Alternatively, the player may take control of a Hireling or Apprentice.

Morale

The leader of a group must pass a WIL Save to avoid their group being routed when they lose half of their total numbers. Lone combatants must pass this Save when they are reduced to 0hp. This applies to opponents and allies but not player characters. Mindless or fearless opponents are exempt as well.

Retreat

Fleeing to safety under pursuit requires a DEX Save and somewhere to run to.

Rest

A few minutes of rest and a swig of water recovers all of character's lost Hit Points. Resting may waste time or attract danger.

Healing

Ability Score Loss and other serious ailments require the aid of an Expert service or magic to recover.

Assumed Ability Scores

Any Ability Score not listed is treated as 10.

Reaction

When a reaction to a character is uncertain, pass a WIL Save to avoid a negative reaction.

CONDITIONS:

Blinded creatures may require a DEX Save to carry out actions that rely on sight, their attacks are Impaired, and DEX Saves from external threats are rolled at Disadvantage.

Hidden creature's attacks are Enhanced, but any attack or other similar action unveils the attacker.

Invisible creature's attacks are Enhanced, attacks targeted at invisible creatures are Impaired.

Stunned creatures do not act on their turn, have disadvantage on DEX Saves, and attacks targeted at them are Enhanced.

Unconscious creatures are reduced to 0hp.

3. RULING A DOMAIN

Any community of 100 or more people is a Domain. One or more characters may have rulership of a Domain, with the potential to establish a part of the world as their own.

SIZE SCORES AND POPULATION

Size Score, or SIZ, is a measure of the populace of your Domain and may reach a maximum of 20.

| SIZ | Populace | SIZ | Populace |
|-----|----------|-----|-----------|
| 1 | 100 | 11 | 30,000 |
| 2 | 300 | 12 | 50,000 |
| 3 | 600 | 13 | 75,000 |
| 4 | 1,000 | 14 | 100,000 |
| 5 | 3,000 | 15 | 150,000 |
| 6 | 5,000 | 16 | 200,000 |
| 7 | 7,500 | 17 | 300,000 |
| 8 | 10,000 | 18 | 500,000 |
| 9 | 15,000 | 19 | 750,000 |
| 10 | 20,000 | 20 | 1,000,000 |

Each month, you must choose a focus for your Domain from the following.

Taxation: You gather extra money this month, gaining 1s for each of your populace.

Growth: Roll d20. If this is higher than your SIZ, then your SIZ is increased by 1.

Prosperity: You do not need to roll to see if there is Unrest in your Domain this month.

Civil Unrest

At the end of the month, roll d20. If this is equal or lower than your SIZ, there is Unrest in your Domain. 10% of your population revolts and must be quashed or else they seize control of your Domain.

ARMIES AND WAR

Training Soldiers: 20% of populace are fit for calling into service as poorly skilled conscripts (3hp). A further 1% of your population are professional soldiers (STR 12, 5hp, Novice Warrior). All soldiers must be equipped as required.

Large Battles: When handling large numbers of combatants, they should be massed together as a unit. Units have the same Hit Points as a single combatant, but add 1 damage for how many times to one they outnumber their opponents. E.g., a unit of 200 cavemen fighting 50 spearmen outnumber them 5-to-1, gaining 5 bonus damage.

When units take Critical Damage, their numbers are halved and they must pass a WIL Save or break and disband. At STR 0 they are wiped out.

Individual attacks against units are Impaired, unless they cause Blast damage.

Unit attacks against individuals are Enhanced and cause Blast damage.

Sieges: Wooden walls have 6hp, Armour 6, and stone walls have 8hp, Armour 8. Reducing a wall to 0hp allows passage over it. Walls and other defensive structures usually ignore damage from anything but siege engines and such.

Siege Engines: Cannons and the like cause d12 Blast Damage.

See Structures and Sieges in Appendix A for more details and additional information.

4. MAGIC

Spells

Written in Runic and found in Tomes and Scrolls. Spells require a few minutes of uninterrupted calm and attention to cast, as well as requiring a set of detailed gestures and incantations. Consequently, Spells are generally impossible to cast in combat.

Mystics can cast any spell of a Circle equal or lower to their Mystic Level.

Ongoing effects last until you cast another Spell.

Persistent Spells have their effects last as long as you wish or until you cast the same spell again.

Cantrips These minor tricks are not true spells, do not interrupt ongoing effects of the previous spell, and require you to use your Focus to cast them.

Focus

Every Mystic carries a Focus, typically an orb, wand, or staff that allows to instantly cast a Prepared Spell or any Cantrip you know as an action, while performing the proper gestures and incantations.

It can also be used to **dispel** the ongoing effect of another Mystic's Spell unless they pass a WIL Save.

A Focus does not work when wearing armour.

Prepared Spells

During the Rest you can use your Tome to prepare a number of spells equal to your Experience Level to cast using your Focus as an action.

Casting a Prepared Spell causes Damage equal to its Spell Circle × 2 to the **caster** ignoring Armour. At 0hp, this Damage targets WIL instead of STR; pass a WIL Save or fall unconscious for a few minutes.

Signature Spells

Each time you take Mystic Feature, choose a new Signature spell to cast without preparation and at half its cost (1hp per Spell Circle).

Scrolls of new spells found by Mystics are usually attached to the Tome for the convenience of usage. See **Manufacture of Magic Equipment in Appendix A** for the additional information on creation of Focuses and Scrolls.

The Referee may provide Mystics with a list of Spells for their Tome or use the examples below. This is far from all the Spells that exist in the world, the vast majority of which are unknown to any single person.
