1. CHARACTERS

ROLLING A CHARACTER

Roll a 3d6 for each Ability Score.

STRENGTH — fortitude and physical prowess. **DEX**TERITY — sneaking, athletics, and reflexes.

WILLPOWER — calling on divine power, harnessing magic, and self-discipline.

In addition, roll 3d6 as your Extra Roll. You may then swap any two of your rolls. After this, the Extra Roll is your starting money in Shillings.

An Ability Score of 10 is the human average.

Roll d6 for your Hit Points, a measure of how safe they are from taking life-threatening Critical Damage. More HP means the character is safer.

Finally, choose one Feature, a Background, and buy some Equipment.

FEATURES

Choose one feature now, and each time you gain a new Experience Level.

♦ ASSASSIN ♦

Your Enhanced attacks against unaware or helpless opponents bypass HP.

♦ BERSERKER ♦

Roll twice for HP and take the better result. After taking first Damage in combat, increase your melee weapon Damage dice by one and gain Advantage on Saves against Critical Damage till the combat ends.

♦ Brawler ♦

Roll twice for HP and take the better result. While not wearing any armour, your Armour score is 1. Gain bonus d4 unarmed Damage die.

Advancement: The bonus die is increased by one.

♦ COMMANDER ♦

Once per combat, issue a command to one ally to Enhance their attack this round or to restore d6hp to them. The command does not count as your action.

♦ HEALER ♦

Gain 5s worth of healing supplies. While resting, spend 5s worth of healing supplies to restore d6 Ability Score Loss to an ally or yourself, or take a 4-in-6 chance to subdue some other ailment.

♦ Mystic ♦

Can be taken multiple times.

You can read Runic and cast Spells.

Gain Mystic's Focus and Tome containing instructions for two Cantrips and six 1st Circle Spells. Choose a Signature Spell (see Chapter 4: Magic).

Advancement: add a new Cantrip and three Spells (of a Circle equal or lower to your Mystic Level) to your Tome. Choose an additional Signature Spell.

♦ SKILLED ♦

Can be taken multiple times.

Gain Advantage on Saves related to a pair of certain fields of expertise: animal handling, athletics, burgling, cheating, drinking, negotiation, quickness, stealth, etc. While you are not under pressure, you do not need to make such Save at all.

♦ SWASHBUCKLER ♦

Roll twice for HP and take the better result. While attacking, you can hit a second target, rolling your weapon Damage dice without any bonus dice.

♦ TACTICIAN ♦

Roll twice for HP and take the better result.

When performing an attack, you may add a Manoeuvre to it (push, trip, disarm, grapple for their next turn, etc.) The attack is carried out as usual, and the opponent must make a Save to avoid an additional effect described by you.

♦ WARRIOR ♦

Can be taken multiple times.
Roll twice for HP and take the better result.
Gain bonus d4 weapon Damage die.

Advancement: The bonus die is increased by one.

CHAPTER 2: PLAYING THE GAME INTO THE DUNGEON: REVIVED

2. PLAYING THE GAME

RULES

Saves

Roll d20 equal or under the appropriate Ability Score to succeed. 1 is always a success and 20 is always a failure.

Advantage and Disadvantage

Whenever someone has increased or decreased odds
Instead of making a normal attack, you may spend of succeeding on a Save, the Referee may give them Advantage or Disadvantage. Roll twice and take the such as knocking an opponent down, snatching an better or worse of the two rolls respectively. Advantage and Disadvantage cancel each other out.

Taking your Turn

In a combat situation, the Referee decides which side acts first. When this is unclear, player characters must pass DEX Saves to be able to act before their opponents. After such initial turn, all player characters act together as usual.

On their turn, characters can generally move (or change items they are holding instead) and carry out one action. All characters declare their intentions and after that the dice are rolled.

Attacking

Roll your weapon's Damage die, or for both weapons if wielding two, along with any bonus Damage dice you have. The highest single roll is identified, and the attack causes this much damage.

Ranged weapons cannot be used while engaged in melee combat.

Ganging Up

When multiple attackers target an individual, they roll together and keep the highest result, plus 1 point of Damage for each additional attacker, up to +5. Once the attack has been resolved, the target cannot be attacked again until their next turn.

Ganging Up: Easy Mode (optional)

For a more "cinematic" combat feel, you may forgo bonus damage from additional attackers.

Impaired and Enhanced Attacks

Attacks that are Impaired, such as firing through cover or a resistant target, roll d4 Damage regardless of weapon, no bonus Damage dice allowed.

Attacks that are Enhanced by a risky stunt or a vulnerable target gain bonus d12 Damage die.

Manoeuvres

your turn trying to carry out another manoeuvre, item or fleeing. In these cases, the side most at risk makes a Save to avoid consequences.

Armour subtracts its score from result of any Damage rolls against the wearer.

Total Armour score for a creature cannot exceed 3.

Mounted troops in melee gain +1 Armour and bonus weapon Damage die against unmounted opponents.

When taking damage, you lose that many Hit Points. If you have any HP left, then the attack was mostly avoided or only a minor wound was inflicted.

When you run out of HP, any remaining Damage is removed from your STR score. Now you must pass a STR Save to avoid Critical Damage.

Blast Damage

Blast attacks affect all targets in the appropriate area, rolling once for each target. If unsure how many targets are affected, roll Damage die.

Critical Damage

Characters that take Critical Damage are unable to take further action until they are tended to by an ally and have a Rest. If they are left untended to for an hour, they die.

The character dies at STR 0. At DEX 0 or WIL 0 the character is paralysed or catatonic respectively, cannot act until Healing and must be carried to safety.

CHAPTER 3: RULING A DOMAIN INTO THE DUNGEON: REVIVED

3. RULING A DOMAIN

Any community of 100 or more people is a Domain. One or more characters may have rulership combatants, they should be massed together as a of a Domain, with the potential to establish a part of unit. Units have the same Hit Points as a single comthe world as their own.

SIZE SCORES AND POPULATION

Size Score, or SIZ, is a measure of the populace of your Domain and may reach a maximum of 20.

SIZ	Populace	SIZ	Populace
1	100	11	30,000
2	300	12	50,000
3	600	13	75,000
4	1,000	14	100,000
5	3,000	15	150,000
6	5,000	16	200,000
7	7,500	17	300,000
8	10,000	18	500,000
9	15,000	19	750,000
10	20,000	20	1,000,000

Each month, you must choose a focus for your Domain from the following.

Taxation: You gather extra money this month, gaining 1s for each of your populace.

Growth: Roll d20. If this is higher than your SIZ, then your SIZ is increased by 1.

Prosperity: You do not need to roll to see if there is Unrest in your Domain this month.

Civil Unrest

At the end of the month, roll d20. If this is equal or lower than your SIZ, there is Unrest in your Domain. 10% of your population revolts and must be quashed or else they seize control of your Domain.

ARMIES AND WAR

Training Soldiers: 20% of populace are fit for callmust be equipped as required.

Large Battles: When handling large numbers of batant, but add 1 damage for how many times to one they outnumber their opponents. E.g., a unit of 200 cavemen fighting 50 spearmen outnumber them 5-to-1, gaining 5 bonus damage.

When units take Critical Damage, their numbers are halved and they must pass a WIL Save or break and disband. At STR 0 they are wiped out.

Individual attacks against units are Impaired, unless they cause Blast damage.

Unit attacks against individuals are Enhanced and cause Blast damage.

Sieges: Wooden walls have 6hp, Armour 6, and stone walls have 8hp, Armour 8. Reducing a wall to 0hp allows passage over it. Walls and other defensive structures usually ignore damage from anything but siege engines and such.

Siege Engines: Cannons and the like cause d12 Blast Damage.

See Structures and Sieges in Appendix A for more details and additional information.

RATIONS

While seafaring or travelling through inhospitable land it might be important to know the amount and weight of the rations required in your journey.

Consumed daily by	Food	Water	•
Humans	2 lb	½ gal	(4 lb)
Horses and such	20 lb	5 gal	(40 lb)
Elephants	200 lb	50 gal	(400 lb)

A day without enough water or a week without enough food results in d4 STR Loss.

If you own pets, add half as much for each one. Halve the expense if you live in your own house.
